**Pacific Landscapes Earns Award
From Business Environmental Alliance**

SANTA ROSA – Pacific Landscapes, Inc., was honored last month by the Sonoma County Business Environmental Alliance (BEA) with a Best Practices Award for dedication to profitable environmental practices and their leadership role in environmental efforts.

A commercial landscape management company which serves Sonoma, Marin, Napa and Solano Counties, Pacific Landscapes was one of 16 honorees selected by BEA member agencies. Each of the BEA honorees was selected for improving their bottom line through employing good environmental practices.

Pacific Landscapes was recognized for its long-time leadership in water conservation including helping to develop the Qualified Water Efficient Landscaper training program now in use at Santa Rosa Junior College and College of Marin, and service on the City of Santa Rosa's committee to develop a model landscape water ordinance for single family residences. On a day-to-day basis the company provides its clients with a wide range of conservation practices to save water. Pacific Landscapes was selected for the honor by the Santa Rosa Chamber of Commerce.

BEA Award Winners were honored at the BEA Annual Business Breakfast February 29 at the Doubletree Hotel in Rohnert Park. The Business Environmental Alliance (BEA) promotes the economic benefits of responsible environmental practices and provides resources to enable businesses to implement these measures.

Pacific Landscapes Inc. is owned Dave Penry and Darryl Orr and is based in Sebastopol.
